1. Introduction

This is the Policy Manual for the Reformed Baptist Network (RBNet). The full member churches of RBNet may authorize standing committees to adopt limited operational and procedural policy, but not matters of doctrinal, positional, or major policy, in keeping with the RBNet Constitution.

2. RBNET Organizational Structure and Job Descriptions

2.1 REFORMED BAPTIST NETWORK – LOCAL CHURCH CENTERED

Every missionary church planting activity or special project of RBNet originates from, is sponsored by, and is under the responsibility of a member church. The member churches determine the course of RBNet, and every staff member and committee is under the ultimate authority of the member churches of RBNet.

2.2 ORGANIZATIONAL STRUCTURE

The organizational structure is shown in Appendix 1.

2.3 RBNET CONSTITUTION

The governing authority for RBNet is the RBNet Constitution. All policies adopted and expressed in this Policy Manual are secondary in authority to the RBNet Constitution.

2.4 STANDING COMMITTEES

A. Names of Standing Committees

RBNet has four standing committees:

- 1) Missions Committee
- 2) Membership Committee
- 3) Personnel and Finance Committee
- 4) General Assembly Planning Committee

B. Term Limits of Standing Committees

1) Voting members shall serve for three-year terms, with a mandatory three years off from that particular standing committee on which he has been serving. No voting member of a standing committee shall be a voting member of a different standing committee at the same time. (One exception to this limitation is if a voting member of a different standing committee is also the representative of a hosting church who automatically becomes a member of the GA Planning Committee.) Each committee should consist of six voting members. Each committee will be established and maintained with members serving staggered terms. Two terms will end each year.

Therefore, at least two voting members will be elected each year. (Any vacant positions for incomplete terms will also be filled for the remainder of the relevant term. Committee members who serve only part of a three year term may also serve an additional, full three year term before the mandatory three years off.) A nominee will require a majority vote from the GA to be approved. The nominees for the voting positions who receive the highest number of votes, requiring a majority of voting delegates, will be selected.

2) The Personnel and Finance Committee and the Missions Committee require a measure of experience and expertise that would be difficult to replace with a three-year turnover. Voting members of these two committees shall be allowed two consecutive three-year terms (for a maximum total of six years) before the mandatory three years off.

3) A maximum of two non-voting, advisory members from among associate members may serve on each committee. Any such non-voting, advisory members will be subject to the same term limitations which regulate voting members, and will require a majority vote from the GA to be approved.

C. Election of the Standing Committees

1) A temporary Nominating Committee (NC) of 3 to 5 members will be organized each year at the GA to process nominations and prepare a ballot for the next GA.

2) The membership of the NC will be on a rotating basis with all full member churches possessing elders taking their turns. The full member churches who are next in line will select one elder or deacon to be their representative on the NC.

3) NC members will select a chairman for their committee who will coordinate committee functions.

4) Members of the Missions Committee, Membership Committee, and General Assembly Planning Committee shall be present or former elders, and Personnel and Finance Committee members must be either present or former Elders or Deacons, with a majority being elders.

5) The NC will solicit nominations for voting members of all standing and ad hoc committees from all full member churches on a prepared nominations ballot in adequate time to be able to process the responses and prepare a slate of nominees. In order to ensure that there are enough willing nominees, it will be helpful to request that any who are willing to serve indicate that fact along with the position for which they are willing to serve on a separate part of the nominations ballot. Such volunteers will be a back-up if there are not enough nominees submitted to fill the ballot.

6) All full member churches having elders will be expected to submit nominations and to take their turns on the NC.

7) The NC will also issue a separate solicitation for nominations for non-voting, advisory committee members from both full member churches and associate member churches and individuals. Nominations may be submitted on an optional basis according to perceived need and/or interest. Associate members may also indicate their own willingness to serve on the nominations ballot.

8) Responsibilities of the NC will be limited to soliciting and collecting nominations, determining those among the nominees who are willing to stand for a vote, and preparing a ballot. The NC will not have authority to approve or reject individual nominations that are received. When soliciting nominations, the NC will indicate members of the Missions Committee and the Personnel and Finance Committee who are both eligible to serve a consecutive, second term, and willing to do so.

9) Every effort will be made to ensure that there are more nominees for voting positions on the ballot than there are positions to be filled. A maximum of two nominees per either voting position or non-voting, advisory position may appear on the ballot, based on which men receive the greatest number of nominations. Members of the Missions Committee and the Personnel and Finance Committee must be nominated according to the process outlined above and re-elected before serving a second, consecutive term on their respective committees.

D. Relationship of Standing and *Ad hoc* Committees to One Another

The following procedure is designed to assure that there will be proper communication among the four standing committees and to preserve the direct control of the churches of Reformed Baptist Network over the committees.

1) Each standing and *ad hoc* committee is directly accountable to the full member churches, which have ultimate authority regarding committee matters.

2) Primary responsibility for each matter delegated by the full member churches to committees will be specifically assigned to one such committee which will have final decision-making authority on the committee level. The delegated primary responsibilities for each committee will be described in this Policy Manual.

3) Each standing and *ad hoc* committee may, with advance notice, send a representative or representatives to the meeting of any other standing or *ad hoc* committee in order to give input to that committee regarding some matter of mutual interest or involvement. However, such representatives will not have a vote in any decisions of the committee being visited regarding matters for which that visited committee has been given primary responsibility.

4) Each standing and *ad hoc* committee may, and is encouraged to, invite representatives from other committees for input when the other committee(s) may have some connection with, or interest in, a matter to be considered. However, such representatives from other committees will not have a vote in any decisions of that committee regarding matters for which that committee has been given primary responsibility.

- a) The GA Planning Committee must always invite a non-voting representative from the Missions Committee when discussing the schedule, theme, and speakers for the General Assembly.
 - b) The GA Planning Committee shall include one of the pastors or elders of the host church as a two-year member of the Committee for the two years preceding the GA his church will host. The member who is a pastor or elder of the host church will have a vote regarding any decisions related to the GA which his church is hosting.
 - c) The Personnel and Finance Committee must always invite non-voting representatives from the other standing and *ad hoc* committees when making budgeting decisions related to the activities of those other committees.
- 5) A Consulting Committee shall be established in order to facilitate communication between, and cooperation in carrying out the activities of, the other committees:
- a) The Consulting Committee shall be strictly advisory in nature. It shall have no authority beyond the task of assigning to the proper committee the primary responsibility for previously unassigned duties which arise in the ongoing cooperative efforts of RBNet.
 - i) If members of the Consulting Committee have a tie vote regarding the assignment of a particular area of responsibility, the RBNet Coordinator may cast the deciding vote.
 - ii) Any assignment to a committee of primary responsibility for a previously unassigned duty which will be more permanent in nature (lasting beyond a year) shall be proposed as a policy addition or alteration to the full member churches at the next GA, subject to the approval of the full member churches.
 - iii) If the assignment of primary responsibility for a particular area of responsibility cannot be resolved by the Consulting Committee, the matter shall be referred to the full members of RBNet in the form of appropriate alternative proposals.
 - b) The Consulting Committee shall be composed of a representative from among the voting members of each of the standing committees (Missions, Membership, Personnel and Finance, and GA Planning) to serve as voting members with regard to the assignment of responsibilities. Representatives from each of the *ad hoc* committees shall also be members, but will have no vote with regard to the assignment of responsibilities. The Coordinator shall be a member, but with no vote with regard to the assignment of responsibilities except in case of a tie.
 - c) The Consulting Committee should meet at least 2 times a year.
- 6) All committees should always have the biblical unity of RBNet as a primary goal. If a conflict arises within an *ad hoc* or standing committee, or between such committees, which the members of

that committee(s) are unable to resolve themselves, an *ad hoc* Conflict Resolution Group shall be formed to at least initially attempt to address that particular conflict.

- a) Each standing and *ad hoc* committee not involved in the unresolved conflict shall appoint one member to form this *ad hoc* Conflict Resolution Group.
- b) This Conflict Resolution Group will appoint a chairman and will be strictly advisory in nature.
- c) This Conflict Resolution Group will meet with the parties experiencing the unresolved conflict in an attempt to bring about godly resolution and reconciliation using biblical principles articulated by the Peacemakers Ministries.
- d) If such efforts fail to bring about resolution and reconciliation, the *ad hoc* Conflict Resolution Group will present the matter to the full member churches in the form of appropriate alternative proposals for the final decision of the full member churches. The *ad hoc* Conflict Resolution Group will cease operating once the full member churches come to a decision.
- e) Such a Conflict Resolution Group may also be formed at the request of both the full member churches acting as a body and specifically the church(es) involved in an unresolved conflict, to attempt to bring about resolution and reconciliation where there is an unresolved conflict within a member church or between member churches. The full member churches, meeting in General Assembly, shall have no final authority regarding such conflicts other than the potential prerogative of removing a church(es) from RBNet upon the recommendation of the *ad hoc* Conflict Resolution Group in the case of a serious violation of, or failure to follow, biblical faith and practice.

E. Relationship of Coordinator to All Committees

The Coordinator shall be a non-voting member of all standing and *ad hoc* committees.

F. Election of Officers for the General Assembly

- 1) The NC will solicit nominations from full member churches for Chairman, Vice Chairman, and Secretary in adequate time to prepare and present to the General Assembly a nominations ballot for the GA officers for the following year. The NC should include the responsibilities and qualifications required of these positions when nominations are solicited from the churches.
- 2) The positions of Chairman and Vice Chairman must be elders or former elders from a full member church. The position of Secretary must be an officer or former officer (elder or deacon) from a full member church. The Chairman should be familiar and adept with the rules of order, as well as having a good working knowledge of the current functions and activities of RBNet. If an electronic vote is required (especially see Constitution VI. B. and Policy Manual 3.3 – T. 5).)

during the year between the GA at which he was elected and the GA at which he is to serve, the Chairman (or if he is unavailable, the Vice Chairman) will be in charge of actually carrying out that electronic vote in accordance with the Constitution and the Policy Manual. The Secretary should take accurate minutes of the entire GA and send these minutes to the RBNet office for prompt distribution to the churches no later than one month after the conclusion of the GA.

3) Responsibilities of the NC will be limited to soliciting and collecting these nominations, determining those among the nominees who are willing to stand for a vote, and preparing a ballot for a vote at the GA. The NC will not have authority to approve or reject individual nominations that are received.

4) Every effort will be made to ensure that there are more nominees on the ballot than there are positions to be filled. The position of Chairman may have a maximum of four nominees, based on which men receive the greatest number of nominations. The nominee receiving the most votes will be Chairman and the nominee receiving the second highest vote total will be Vice Chairman. The position of Secretary will have a maximum of two nominees. If there are insufficient nominees for these positions, the NC is authorized to seek those who are willing to be put on the ballot.

5) No man may serve as Chairman of the GA for more than 3 years in a row. He may be elected again to that position after 3 years of not serving.

- 3) Results of the interaction will be reported back to the Membership Committee and then forwarded on to the churches for discussion and determination at the next General Assembly.
- 4) Associate member churches may apply to the Membership Committee to change their status to full member status upon application to the committee.

D. Removal of Membership: The process for the removal of a full or associate member or church shall be:

- 1) A church or individual desiring to withdraw from RBNet may do so at any time by submitting a letter to the Membership Committee. The Membership Committee will immediately forward the letter to the entirety of the RBNet membership.
- 2) Any church that is dissolved will automatically be removed from the membership of RBNet. Should a church be dissolving, RBNet requests official correspondence be submitted through the Membership Committee to alert the RBNet-membership.
- 3) If a full-member church determines they are no longer meeting the requirements of full membership status, they can request a move to associate member status.
- 4) Any full member church may recommend that a full or associate member be investigated for adjustment in membership status, but no recommendation to the GA shall be made without first attempting a resolution between all involved parties, to include a face to face mediation in accordance with Matthew 18:15-17.
- 5) Any full member church that fails to attend a GA for three consecutive years will be automatically and temporarily moved to associate church member status while the Membership Committee works together with the church to determine the future intentions of the church either to rectify deficiencies to be reinstated as a full member church, to remain as an associate member church, or to be removed from RBNet membership.
- 6) Any associate member church or individual that fails to attend a GA for three consecutive years may be removed by a $\frac{3}{4}$ vote of the GA. Any church or individual may present their circumstances to the GA for consideration, understanding that there may be instances in which attendance is difficult or impossible. Special care and patience may be taken with any international (i.e. non-U.S.) members.
- 7) Full member churches that have not contributed financially to the general fund of RBNet for three consecutive years will be automatically transferred to associate member status after giving them the opportunity to rectify this concern by sending to them a written notice of the impending transfer at least 90 days before the transfer takes place.

Such a proposal from the Membership Committee shall be submitted no less than 60 days prior to a general assembly.
- 10) Individual associate members shall be removed from membership automatically upon death. They shall likewise be removed if their sponsoring church rescinds their sponsorship, their local church removes consent, or their membership is terminated according to the procedures above.
- 11) A church or individual shall always retain the right to reapply after termination, according to normal application procedures.

12) The Membership Committee may recommend waiving portions of this process in special circumstances. The GA must be fully informed of any recommended waivers and such must be approved by the GA.

Budgets will be prepared without intentional undisclosed contingency reserves being included in individual expense categories. A single contingency expense category deemed prudent for all unanticipated expenses will be explicitly identified. Excessive expenditures may be allowed in up to three sub-accounts by up to \$500.00 per account at the discretion of the Personnel and Finance Committee and consultation with the Coordinator. Should such movement of funds be deemed essential or prudent, it will be reported to the member churches in the Monthly Financial Report. Should it become essential to exceed the total annual expense budget between General Assemblies, the Personnel and Finance Committee shall have authority to do so only after obtaining electronic or other documented authorization from the full member churches. During periods when there is no authorized budget, such as between the beginning of our Fiscal Year and the RBNet General Assembly, the Personnel and Finance Committee will have authority to make reasonable and prudent operational expenditures in keeping with prior year levels. No new programs or activities except for proposed new salaries shall be initiated during these time periods.

H. Conflict of Interest

- 1) A Conflict of Interest potentially occurs when any RBNet officer, employee, committee member, volunteer, or any family member or friend of such (herein called an RBNet associate) could actually or potentially profit or gain advantage from a transaction, arrangement, contract, procurement, or activity of RBNet.
- 2) RBNet policy is that any such RBNet associate should report any potential conflict of interest situation in advance, or immediately upon discovery of such. Such report should be made to the respective Standing Committee, and any relevant transaction or activity should be approved in advance and minuted in meeting records. The minutes should also demonstrate that the transaction or activity is in the best interest of the organization, and that it does not violate relevant law. The related party should be excused during the process of committee deliberation, other than to respond to questions, and should abstain from voting.
- 3) Should such conflict of interest situations be of an enduring nature, they should be reviewed at least annually, and notation of such review and demonstration of continuing advantage to RBNet should be made in the minutes of the next committee meeting.

I. Contingency Fund

The RBNet Personnel and Finance Committee and the Coordinator jointly have authority to assign the RBNet Contingency Fund to under-budgeted expenditure categories as they together feel it necessary and wise.

J. Contributions

Contributions should be made out to Reformed Baptist Network or RBNNet.

K. Corporate Seals

RBNNet shall have authority to procure a Corporate Seal when deemed necessary. The Personnel and Finance Committee shall do this if necessary. The Seal shall be maintained at the RBNNet Business Office.

L. Equipment

Equipment is defined as assets that are permanent and tangible in nature, capable of repeated use, and are ordinarily expected to last more than one year. The unit cost will generally be \$500 or greater. However, if purchased items meet the above criteria and cost less than \$500 they may be classified as equipment at the discretion of the Coordinator or Personnel and Finance Committee. Equipment will be depreciated appropriately. The Coordinator will maintain a list of all such equipment purchased and the date and amount of said purchases.

M. Financial Support Policy

RBNNet's Constitution states that full member churches should have a "Willingness to financially contribute to the general fund of RBNNet as the Lord prospers" to support the operating costs of RBNNet. Although some churches may not be able to contribute much, at least some giving to indicate interest is expected. Failure of any full member church to contribute to the general fund for three successive years will lead to transfer to associate member status if the concern is not rectified in a timely way after advance notice of the transfer. Each full member church shall be asked to submit an annual amount they expect to give to RBNNet that will aid RBNNet with its financial planning for the year. Associate churches and individuals are also encouraged to support the general fund of RBNNet.

N. Gifts, Designated and Undesignated

Designated gifts are any gifts to RBNNet for which the donor expresses a desired application or usage other than the General Fund or approved projects such as specific missionaries. All gifts to RBNNet are accepted with the understanding that the receiving Corporation has full authority to use the gift as it deems best. However, the RBNNet Corporation will respect the donor's specified preference in the following manner. Designated gifts to (a) projects approved by the full member churches at the General Assembly (Approved Projects), (b) to RBNNet Missionary Support (including individual RBNNet Missionary projects adopted in accord with RBNNet Missions Policy) or (c) directly to RBNNet Missionaries, i.e., non-support gifts such as at Christmas time, are encouraged. Designated gifts to other than the foregoing are in general to be handled individually and with caution. All gifts, when received, will be handled in the manner outlined in the accompanying Table: *Gift Acceptance Policy*. Gifts requiring minuted approval per the Table will normally be held un-cashed until after Personnel and Finance Committee action. The donor will be promptly notified of the gift status and requirement for review when this is done. The

review may determine that it is not in RBNNet’s best interest to accept the gift, in which case it will be returned to the donor.

Gift Acceptance Policy

Type of Gift	Accept Gift? And Conditions	Issue Tax Deductible Receipt?	Withhold Service Fee?
From any donor for any approved RBNNet project	Yes	Yes	Yes
From any donor for any unapproved in-house RBNNet project	Possibly, with prior minuted applicable committee approval	To be determined case-by-case	Yes
From any donor for unapproved project involving pass through to an IRS tax-deductible institution	Possibly with prior minuted applicable committee approval	Yes, if accepted	Yes

From any donor for RBNNet supported Missionary designated for a special occasion or as a gift for amounts greater than \$100	Yes	No	Yes

O. Indebtedness

RBNet may not incur explicit or implicit indebtedness without prior authorization from RBNet full member churches. Implicit indebtedness is commitment to expend funds, typically but not only by Purchase Order, when funds are not presently or prospectively available to cover the commitment even though funds may be authorized in the formally approved Budget. All multi-year indebtedness shall require approval by full member churches at a General Assembly.

P. Insurance, Officers and Directors Liability

It is the policy of RBNet to carry Directors and Officers Liability Insurance coverage in the amount of \$1,000,000.

Q. Purchase Orders

Non-routine expenditures in excess of \$500.00, including grants, shall be authorized by Purchase Order or Authorizing Memo, properly prepared and approved in advance of commitment to or payment of the obligation.

R. Receipting of Gifts

Receipts will be issued for all gifts to RBNet. Tax deductible receipts will be issued in accordance with the above **Gifts, Designated and Undesignated** policy.

S. Special Projects

Special projects are particular RBNet endeavors requiring financial support. They must be approved by full member churches at the General Assembly (except in the case of urgent special projects) following receipt of an evaluation by the Missions Committee. The normal special project restrictions are these:

- 1) All applications must be submitted with the formal recommendation of a sponsoring full member church.
- 2) All applications must be received three (3) months prior to the General Assembly.
- 3) Priority will be given to those requests providing new missionaries with their startup expenses.
- 4) In general any project must accord with RBNet's principal objectives by having:
 - a) A direct connection with: foreign (non-U.S.) or home (U.S.) missions, relating to church planting or evangelism, or assisting existing foreign (non-U.S.) churches with some unique need in their church life, or
 - b) An immediate relationship to Christian literature in accord with RBNet's doctrinal position or,
 - c) An integral part in training men for the Christian ministry.
- 5) When the personnel involved are not missionaries or national pastors approved by RBNet, they must be in accord with the doctrine and aims of RBNet.
- 6) Special projects will not be used to subsidize expenses of RBNet's General Operating Fund.

7) Exceptions due to unusual emergency relief needs will be considered on their own merit, but will still need the sponsorship of a full member church.

T. Special Projects, Urgent Situations

In unusual situations wherein a body of believers experiences an emergency need and clearly requires rapid help or wherein the Missions Committee believes rapid action is required for whatever reason, and the need is bigger than one member church can supply, the Missions Committee may adopt an urgent special project and announce that offerings are being received for the urgent need. The following procedure shall be followed:

- 1) An application must be received by the Missions Committee with the formal recommendation of one or more sponsoring full member churches.
- 2) The Missions committee must find the urgent special project to be within the scope of RBNet's purpose and must endorse the proposed urgent special project with a three-quarter majority of the current Missions Committee membership.
- 3) The Missions Committee shall commend the urgent special project need, along with background context, and project cutoff date, to the member churches.
- 4) The urgent special project will only be funded to the extent gifts are received within the announced period. Thereafter, as at all times, the normal Gift Acceptance Policy shall apply.
- 5) If the Missions Committee rejects an application for an urgent special project, it must communicate this decision in writing together with its reasons for rejecting the application to the sponsoring full member church(es) within 5 days of making this decision. The sponsoring full member church(es) may appeal to the full member churches of RBNet by calling for an electronic vote in writing, including giving its reasons for its appeal. In such a case, the Missions Committee will, within 5 days of receiving the appeal, relay the application to the full member churches in accordance with the procedures outlined in VI. B. in the Constitution. The Missions Committee will include with this referral both its reasons for rejection and the written reasons given by the sponsoring, full member church(es) for appealing its decision.

U. Special Project Surpluses in Gifts Received

Whenever the total amount of funds needed for Special Projects in a given year is accumulated, notification will be given immediately that no more funds are needed. If contributions are received from a church after the total is met, that church will be contacted to provide them with the opportunity to re-designate the contribution or to have the contribution returned. If contributions are received from an individual after the total is met, the contribution will be applied to a subsequent Special Project or to a new missionary's start-up costs. The funds will be directed to either need by the Missions Committee. In

the event that there are funds left over after the Special Projects have been fully accomplished, those funds will be applied to the next Special Projects adopted by the General Assembly of RBNet churches or to the start-up costs of the next missionary. These funds will be directed to either need by the Missions Committee.

V. Stock and Equity Donations

1) It shall be the policy of RBNet to accept stock, bond, and other equity donations. An exact description and quantity of the received equities shall be established as of the close of business on the day the equities legally came under the ownership and control of RBNet and a contribution record shall be returned to the donor. All stock and equity donations accepted will be recorded in the books on the date received. The amount to be recorded will be the fair value (based on published prices for stocks traded in the public market, and based on best available information for other stocks.) Any stock remaining unsold at any month-end will be adjusted to fair value each month, with the adjustment being to equity. Upon ultimate sale, the realized gain/loss will be reflected in the Income Statement for the period in which the sale occurred. RBNet will liquidate any publicly traded stock when practicable; in most cases this will occur within two weeks. Any privately held stock will be liquidated at such time that a buyer can be located. If the purpose of the donation is for a specific missionary project (home or foreign), then a liability account will be established. If a portion of the stock donation was to benefit the operating fund, then that portion will be recognized as income for the operating fund. If the donation is not designated for the operating fund, then a 2% service charge will be deducted at the time of the stock sale in accord with the above Table: Gift Acceptance Policy.

2) If conditions are attached to the donation, then the appropriate missionary will be notified. If the conditions can be met and when the missionary is ready to use the funds, the money will be released to him. The missionary must submit an accounting to the RBNet Business Office. If the stock donation is for a general missionary project with no particular missionary named or involved, then the Missions Committee should make a recommendation which must be approved by RBNet churches. Once funds are released, all missionaries handling the funds must submit an accounting to the RBNet Business Office.

3) Any conditions attached to the stock donation must agree with the objectives and policies of RBNet. The Missions Committee or the Coordinator in their behalf may decline stock donations if the conditions are not in agreement with RBNet's objectives and policy.

W. Travel

Travel, wholly or partially at RBNet expense, shall be pre-approved, in writing (e-mail is acceptable) by the responsible standing committee and the Personnel and Finance Committee and shall be conducted in the most economical manner compatible with the trip objectives and with the traveler's health and family well-being duly considered.

X. Travel Expense Reports

All individuals traveling wholly or partially at RBNet's expense shall submit to the RBNet Business Office an auditable, itemized travel expense report, including receipts, to authenticate expenses paid by RBNet.

3.4 PERSONNEL POLICIES

A. Business Expense Accounting and Reimbursement:

- 1) Expenses must have a business connection to RBNet – they must have been incurred while performing services as an employee of RBNet.
- 2) A written expense report is to be filed monthly to RBNet accounting for all expenses (within 60 days after incurred) and reimbursements.
- 3) Excess reimbursements for travel expenses must be returned to RBNet within 120 days after the expense was paid or incurred.
- 4) Travel expenses in excess of gifts and honoraria received from churches will be reimbursed by RBNet on a monthly basis.
- 5) If the foregoing rules are met, RBNet will not include any reimbursements on the Coordinator's W-2 and the Coordinator will not be required to file Form 2106 with his personal tax return.
- 6) If the foregoing rules are not met, the reimbursements are considered to be paid under a non-accountable plan, and may be subject to self-employment taxes and limits on deductibility.

B. Employee Benefits

It is policy that RBNet shall provide or reimburse health insurance costs, on a case by case basis, with attendant tax benefits for full time employees, such as applicable housing allowance and pension.

C. Employment At Will

Employment with RBNet is voluntarily entered into, and the employee is free to resign at will at any time, with or without cause. Similarly, RBNet may terminate the employment relationship at will at any time, with or without notice or cause, so long as there is no violation of applicable federal or state law. Policies set forth in this Policy Manual are not intended to create a contract, nor are they to be construed to constitute contractual obligations of any kind or a contract of employment between RBNet and any of its employees. The provisions of this Policy Manual have been developed at the discretion of RBNet and may be modified or amended at any time, at RBNet's sole discretion.

D. Spouses and Dependents of RBNet Missionaries and Staff Considered *Volunteer Helpers*

- 1) Spouses and dependents of RBNet serviced missionaries and staff who render *bona fide* assistance to their spouse or parent in his/her work as an RBNet employee are considered to be *volunteer helpers* of

RBNet, and essential travel and education expenses of such *volunteer helpers* is understood to be non-taxable.

2) Whenever funds are to be treated as tax exempt by virtue of volunteer activity, special care shall be exercised to assure that such expenses treated as tax-deductible or tax-exempt accord with Internal Revenue Service requirements, guidelines and record standards, including all appropriate documentation. All such documentation shall be kept, and a copy forwarded to the RBNet office.

E. Staff and Missionaries Considered Employees

1) Staff members including the Coordinator and Administrative Assistant are employees exclusively of RBNet. United States of America citizen missionaries are considered joint employees of RBNet and their sending Church. None of the foregoing personnel is considered “self-employed.”

2) As a result of the foregoing, and concerning Missionaries, it is necessary to differentiate Sending Church and RBNet Responsibilities. Historically mission boards have inadvertently or purposefully assumed increasing authority over the sending and servicing of a missionary from the local church. It is the stated commitment of RBNet not to allow this to happen. The authority of the missionary’s sending church will be maintained as primary with RBNet serving in an assistance role to the church. The sending church, together with the missionary, will determine the specifics of the missionary’s salary, location of mission, furlough schedule, and other decisions according to the following co-employment grid.

Allocation of Responsibilities for Co-Employment of Missionaries by Sending Church and RBNet

THE CHART: This chart duplicates some of what is in the “**Trilateral Agreement**” found in the Missions Policy (3.7 E.). However, since that agreement is a “suggested template”, this chart is given to show what is required to meet IRS requirements for an endorsed and serviced missionary of RBNet.

Key Definitions: “Responsible” *means that the party is responsible for making sure that a thing happens, or gets done, or must approve. It does not mean that the party necessarily does the work involved.* “Assists” includes either or both cooperation as needed, and possibly doing a substantial amount of the effort involved. For instance, while the sending church is responsible for furlough scheduling, and logistics, RBNet may prepare a complete schedule and make all the arrangements subject to the Sending Church’s approval.

For churches requesting financial management services, the following will apply:

Item or Action	Sending Church Involvement	RNet Involvement	Missionary Involvement
1) Signed written agreement	Signs	Signs	Signs
2) "Hiring" Process	Responsible	Assists if requested	Assists
3) Application form – church	Prepares	Assists	Assists
4) Application form – missionary	Assists	Assists	Prepares
5) Approval of Missionary for RNet service	Requests	Determines through stated process	
6) Salary	Determines specific amount	Assists / recommends standard support structure	
7) Compensation review	Responsible to annually review compensation and more often if circumstances change	Responsible to remind church and assist	
8) Annual preparation of missionary budget of compensation, benefits, and expenses	Responsible	Assists	Assists
9) Termination of missionary service	Can terminate missionary service unilaterally	Will respect Church's termination, Can withdraw services unilaterally	
10) Accounting and payroll associated with missionary		Responsible	

11) Payroll tax compliance (I-9, W-4, 941, W-2, W-3, etc.)		Responsible	Assists
12) Worker's compensation, other state and federal law compliance	Assists	Responsible	Assists
13) Personnel File and other records	Assists	Responsible	

Churches that seek RBNNet promotion but do not require financial management services through RBNNet will nonetheless be responsible to report to the Missions Committee and to all supporting churches regarding the disbursement of support funds.

3.5 GENERAL ASSEMBLY PLANNING POLICY

A. General Assembly Planning

The RBNNet General Assembly Planning Committee is responsible to plan the schedule and location of the General Assembly, including the selection of speakers, theme, and session topics. The RBNNet GA Planning Committee will be responsible for the design of this webpage. The GA portion of the RBNNet website is to be live no later than three months before the General Assembly.

E. Registration Packets

The host church will provide a registration packet of information helpful to registrants during their time at the General Assembly. The General Assembly Notebook is also to be assembled and distributed by the host church at the General Assembly. The RBNNet office will supply the contents of the Notebook to the host church three weeks prior to the General Assembly.

F. Displays at the General Assembly

G. General Assembly Assistance Fund

A fund will be maintained in the RBNNet office to provide assistance to pastors of member churches with their expenses to attend the annual General Assembly as the need arises. This fund will be supplied through contributions for this purpose. The Coordinator and the GA Planning Committee will work together in distributing these funds. While the priority will be upon pastors of member churches, the distribution of these funds can also be made to pastors or theological students which show significant promise of being involved in RBNNet in the future.

3.6 COORDINATOR & PERSONNEL REVIEW POLICY

A. Conferences

When requested by the Coordinator or deemed appropriate by the Personnel and Finance Committee, RBNNet will provide money and time for the Coordinator with his wife to annually attend one conference or retreat (other than the RBNNet General Assembly) for spiritual refreshment or in-service training.

B. Coordinator Annual Physical

RBNet will pay all expenses not covered by insurance for the Coordinator to have an annual physical examination.

C. Coordinator Travel

1) Travel expenses, including transportation, housing, meals, and mileage at the current IRS approved, rate, incurred by the Coordinator and his wife will be reimbursed in full from the RBNet budget.

F. Immunization Shots

RBNet will reimburse the Coordinator and his wife for shots needed in preparation for overseas trips.

G. Vacation

RBNet provides a benefit to the Coordinator of one day off per week, with the right to accumulate up to five days of compensatory time before he uses them, and one month of vacation annually.

3.7 Missions Policy

A. Philosophy and Principles

The Reformed Baptist Network believes that missions properly originates in, is overseen by, and is accountable to the local church. Local churches can cooperate together through RBNet to further the work of missions. The fulfillment of the Great Commission is central to the purpose of the RBNet. As Baptists, we believe the Great Commission is centered on evangelizing lost sinners and gathering them into biblically faithful, organized, growing and reproducing local churches across the globe. Biblical ecclesiology is essential to the work of missions. Therefore, we endeavor that all missions efforts in RBNet will be church-centered: originating from, overseen by, and accountable to local churches and focused on church planting and church strengthening, but also including evangelism and support

ministries. (A conscious priority should be given to men called by God to evangelism, preaching, and church planting.) Because of our commitment to biblical ecclesiology, all efforts should recognize, pursue, and protect the goal of self-sufficient, self-governing, and self-propagating local churches that are culturally appropriate and biblically faithful.

RBNet is committed to cooperating together to pursue missions with institutional integrity and careful policy, but with flexibility for differing circumstances. Careful planning and agreement between RBNet, the sponsoring church, and the mission work must be pursued and delineated in each case (see Trilateral Agreement guidelines below). The sponsoring church, the Missions Committee, and the missionary/church planter must pursue faithfulness to this agreement and oversight of the mission work.

Furthermore, RBNet and the coordinator are committed to growing in institutional knowledge of good missions philosophy and policy and regularly communicating and sharing that knowledge among the churches and missionaries.

B. Levels of Missionary Support / Service

A few definitions are necessary:

Missionary - For the purposes of RBNet, missionaries are elder-qualified men engaged in the ongoing work of evangelism, church planting and/or church strengthening. This may include home (U.S.) or foreign (non-U.S.) fields, and may include indigenous foreign (non-U.S.) nationals engaged in ongoing missionary work.

Support Missionary - For the purposes of RBNet, support missionaries are those engaged in ongoing missions work, who are not pastors, but are doing kingdom work supporting and encouraging church planting and/or church strengthening.

Indigenous Pastor - An Indigenous Pastor is a foreign (non-U.S.) national pastoring or planting one indigenous church and seeking financial and spiritual support for a limited time for their ministry labors, until the indigenous church is able to be self-supporting. (See especially #8 Indigenous Pastors Policy below.)

Church Planter - A Church Planter is a man sent / sponsored by a member church, engaged in home (U.S.) missions to plant one new local church in a specific locale, seeking financial and spiritual support for a limited time, until the church plant is self-supporting.

RBNet will support, serve or promote several levels of missions works:

1) Endorsed and Serviced

Endorsed and Serviced (Missionaries, Indigenous Pastors, Church Planters) are individuals sponsored by and accountable to a full member church, endorsed by RBNet, and serviced through the RBNet office, following our guidelines for service.

2) Endorsed

Endorsed (Missionaries, Church Planters) are individuals sponsored by and accountable to a full member church, endorsed by RBNet, who may be serviced by their sending church or a partner organization / agency.

3) Associate (Individual)

Associate Missionaries are individuals subscribing to the 1689, who are recommended by, but not directly connected to, a full member church, who want to associate with RBNet for fellowship and counsel.

4) Church Sponsored Projects

Church Sponsored Projects include short-term or long-term missions endeavors sponsored by full member churches and endorsed by RBNet.

5. Military Chaplaincy

RBNet Chaplains are sponsored by and accountable to full member churches, endorsed for military chaplaincy through RBNet.

Member churches may freely communicate regarding, and advertise, other missions efforts to the RBNet members. However, all ongoing communication should fall into the above approved categories.

C. Qualifications for Service

RBNet is a Reformed Baptist organization, believing in the ultimate authority of the Holy Scriptures, and subscribing to the 1689 LBCF as a guiding theological document. All RBNet candidates must meet relevant biblical qualifications for leadership, must subscribe to the 1689 LBCF, and must agree with RBNet's overall philosophy of missions. They must be born-again, baptized believers walking in holiness of life, with a loving, stable and well-ordered family (if married and/or having children), and with stable and balanced physical, mental, and social health.

The following qualifications apply particularly to serviced missionaries / indigenous pastors / church planters:

- 1) An RBNet full member church must apply for RBNet services, and the church and candidate must be committed to the philosophy and policies of RBNet and to a trilateral agreement (see below) with RBNet for the duration of the service. The candidate must be willing to submit to the authority and oversight of the sending church and policies of RBNet (as agreed in the trilateral agreement).
- 2) RBNet encourages candidates to receive biblical and theological training commensurate with their field of operation. When appropriate, RBNet encourages candidates to receive cross-cultural and field training for their work.

D. Process of Becoming an RBNet Serviced, Endorsed, or Associate Missionary/Church Planter

- 1) All Candidates must be brought by full member churches. The candidate and member church must complete and submit the RBNet Application for Missions Support and Service (still forthcoming) and specify what level of support they are seeking.
- 2) Serviced candidates and their church must also identify the location of ministry, the scope of labors, and the relationship to the sending church once on the field.
- 3) The sending church must calculate the financial commitment (including its own contribution) to support its candidate in start-up costs, salary, ministry, travel, health insurance, retirement, etc. and establish a general time frame for transitioning to the field. (See Support Structure Guidelines below on p. 39)
- 4) Serviced Candidates must also complete requisite background checks, provide references, etc. Also, a complete medical examination of the candidate and his entire family is required prior to leaving for the field.

- 5) The Missions Committee will conduct an interview with the sending / sponsoring church and the candidate that will include evaluation, counsel, and written recommendation (allowance for majority-minority report) to be given back to member church. When appropriate, the recommendation may include further cross-cultural and field training.
- 6) For serviced candidates, the candidate and church must host and meet with the RBNet Coordinator for training and orientation in being a sending church and receiving service through RBNet.
- 7) The sponsoring member church will propose the candidate / project to the full member churches (either at the General Meeting or during the year in Urgent Cases) after completing the process and will provide all relevant paperwork to the churches, including the Missions Committee evaluation.
- 8) Full member churches will vote (either at the regular Assembly or through electronic means) to give approval to the candidate / project.
- 9) For serviced candidates, financial accounts will be set up in the RBNet office where funds are received and the support is transferred in an agreed upon form.

E. Trilateral Agreement for RBNet-Serviced Missionaries and Church Planters

A Trilateral Agreement between the RBNet Missions Committee, the sending church, and the candidate must be reached for each endorsed and serviced missionary / church planter. The Agreement specifies the working relationship and responsibilities of each party. (The following Trilateral agreement may also be used and simplified for non-serviced missionaries.)

The following example can serve as a base template for the Trilateral Agreement and the kind of issues which must be agreed: **(FM=Foreign Missionary; CP=Church Planter)**

The Reformed Baptist Network agrees

- 5) To communicate to RBNet member churches the financial opportunity to help enable a church to send and maintain their missionary

Dispute Resolution

- 1) The sending church has partnered with RBNet for the support, administration and care of their missionary. Therefore, for the sake of trust and communication, it is important for the sending church to maintain a close working relationship with RBNet. If a conflict occurs between a missionary and the sending church, or if there is a crisis situation that could affect the future ministry of the missionary, it is expected that the local church and the missionary will notify RBNet and seek

the advice and counsel of the Missions Committee and the Missions Advisory Council. The sending church has the authority in these situations, but ought to be in communication with RBNet about its course of action.

2) In the case of a conflict, the Parties of this Trilateral Agreement acknowledge and agree that the Bible commands all believers to make every effort to live at peace and to resolve disputes with each other in private or within the Christian community, in keeping with 1 Corinthians 6:1-8, Matthew 5:23-34, and Matthew 18:15-20. If a dispute or disagreement arises relating to this Trilateral Agreement, the Parties commit to reasonably and prayerfully communicate with one another and to graciously attempt to resolve the dispute directly among themselves. If that fails, then the Parties hereby voluntarily agree that they will not sue another Party to this Agreement in a secular court relating to such dispute. Instead the Parties agree to follow the principles laid out in our Confession of Faith (Second London Baptist Confession of 1689) which directs (cf. 25:15) both churches and individuals who believe themselves to be injured, or who are subject to what they believe is an unjust act or judgment against them, to ask the churches that they are in fellowship with to give advice on the matter of difference. They should first seek to resolve the matter among themselves. If unable to come to a resolution, outside mediation should be sought, agreeable to all parties. If mediation does not lead to a resolution, then a few agreed on Elders from RBNet should form a "Council". If no agreement can be reached on who ought to sit on a Council, the matter should be taken to the Assembly of churches. It should be stressed however that as an act of love for the whole body of churches every effort should be made to agree upon a Council. Having given advice, and made the same known to the churches of RBNet, the only power held by the fellowship is that of granting or withholding fellowship.

We, the undersigned agree with and accept the conditions of this agreement and wholeheartedly commit to fulfilling the responsibilities herein to the best of our abilities. Furthermore, we agree that this agreement may be dissolved by any of the parties with thirty days' notice.

F. Support Structure Guidelines

The following guidelines should be used in setting the salary and benefits package for a missionary / church planter:

The Bible teaches that laborers are worthy of their wages, that ministers of the Gospel should receive their living from the Gospel and be supported financially (1 Cor.9:4-14, 1 Tim.5:17ff, Gal.6:6-8; see also the Confession of Faith 26:10). The principle of equality (2 Cor.8:12-15) implies that, in general, a minister should be paid according to the standard of living in the area and congregation he is serving (excepting areas of extreme poverty or extreme wealth. A missionary to impoverished countries should be supported at a level that will not create hardship when returning from the field, or when retiring in his country of ministry.). A basic salary scale should include a realistic (not just average) estimate of the cost of living

in the field of operation, adjusted for family size. (Average estimates for an area can be skewed by demographic factors.) This estimate should include: food, clothing, furniture, recreation, education, as well as housing, travel, retirement and medical expenses. Ministry funds should also be defined and calculated separately.

All RBNNet-serviced Missionaries will have a financial account with the RBNNet office. For internal bookkeeping, this will be divided into two accounts: one designated for salary funds and one designated for ministry funds. All financial support for RBNNet-serviced missionaries must be channeled through the RBNNet accounts. (Off- book contributions must be reported). All support to indigenous pastors given through RBNNet will be paid to the church in which they are serving unless no organized church capable of receiving and disbursing those funds yet exists (for example, in a church planting situation). In this latter case, all support to indigenous pastors will be paid to the sponsoring member church or as the sponsoring member church deems appropriate to allow for unusual circumstances (see Indigenous Pastors policy below).

Base Salary - The sending church will set the base salary for their missionary / church planter, according to the above guidelines. Each year and if possible, adjustments should be made according to inflation, exchange rates, cost of living, etc. Adjustments may also be made according to years of experience.

Housing Allowance (where applicable) - Included at 100%

Field Travel - Included at 100%. Definition: All travel related to the ministry, including travel to and from home on furlough. Personal travel is not reimbursable.

Retirement - 10% of salary is to be placed into a retirement plan and managed by the sending church.

Children's Education - A figure should be agreed upon for the education of children.

Social Security or similar mandatory government retirement program (where applicable) - A minister of the gospel is considered to be self-employed for Social Security purposes. The missionary is responsible to pay the entire amount of Self-employment tax unless he has opted out of the system.

Health Insurance & Disability Insurance - A figure should be agreed.

Furlough - Furlough is a paid time for the missionary to reconnect with his sending church, visit supporting churches, receive training, and visit family. The sending church and missionary will work to decide what furlough time is wise and necessary.

Ministry Funds - Ministry funds should be calculated and budgeted separately, but should be calculated and included in the total support level being requested by the sending church.

For Church Planters, normally the sponsoring church will determine all levels of the salary package and be responsible for handling all funds. The sponsoring church will help the church plant design a budget from the onset of work, and educate the church plant on their increasing responsibility to bear the finances of the church plant, according to the following recommended guidelines. It is the work of the sponsoring church also to report to supporting churches the progress of the church plant. The church planter should be an employee of the sponsoring church throughout this plan or until the church plant constitutes as a church, which would require tax reporting by the sponsoring church for the church planter. If the sponsoring church believes either the salary package or the time frame structure of support should be adjusted, they are encouraged to seek the counsel and input of the RBNNet Missions Committee.

It is strongly recommended that Church Plant Support be divided between the Core Group (if one exists), the Sponsoring Church, and sister RBNNet churches on a sliding and progressive scale over an agreed upon time frame. A recommended plan might be as follows:

The Core Group provides 20% the first year, 40% the second, 60% the third, 80% the fourth, and 100% the fifth

The Sponsoring church provides 25% the first year, 20% the second, 15% the third, 10% the fourth, and 0% the fifth

Sister RBNNet churches provide 55% the first year, 40% the second, 25% the third, 10% the fourth, and 0% the fifth

G. Pastoral Assistance Policy

RBNNet member churches may, from time to time, experience financial difficulties and require help in supporting their pastors and maintaining their worship. In such cases, fellow RBNNet churches may be able to provide financial assistance. A church needing assistance must be represented by another full member church, who will investigate and communicate the issues. The representing church will make the request for the struggling church to RBNNet members. The Missions Committee may also be utilized for counsel and advice.

H. Indigenous Pastors Policy

RBNNet may offer endorsement and financial service in certain strategic and exceptional cases, where an Indigenous Pastor plays a strategic role and where there is a compelling need and opportunity for the advancement of the Gospel. However, it is RBNNet's policy to avoid creating situations of long-term financial dependency and paternalism. In general, RBNNet will work with newly organized groups of believers who are unable to fully support their pastor.

The following are the guidelines to be employed in these cases of supporting an indigenous pastor/church planting missionary:

1. The indigenous pastor/church planting missionary must be sponsored by and responsible to an RBNNet full member church. This member church must follow the same application process required of all churches and candidates requesting the services of RBNNet for approved missionary status. The indigenous pastor/church planting missionary must subscribe to the 1689 London Confession of Faith.
2. A similar Tri-lateral agreement must be reached between the sending church, the indigenous church (or the indigenous pastor in the case of a new church plant), and RBNNet. The same responsibilities for sending reports of mission labors would be expected of supported indigenous pastors/church planting missionaries which are expected of regular RBNNet-serviced missionaries. (In the case of already-established indigenous churches, financial reports and updates should be sent to the indigenous church, not just the pastor.)
3. The financial support level will be close to the average wage level of the people he lives among and ministers to, and the funds will be sent through the church he pastors if it exists. This follows the principle taught in our Confession of Faith – 26:10.
4. The financial support is to be viewed as temporary and is subject to review after three (3) years. A phase-out schedule should be agreed by the parties—like the following example schedule:

1–3 years	- 100% of an amount set by a sponsoring church
4th year	- 75% support of the initial amount
5th year	- 50% support of the initial amount
6th year	- 25% support of the initial amount

7th year - 0% support of the initial amount

5. If there are compelling reasons why the financial support of the indigenous pastor should not decrease according to the agreed schedule, the sponsoring church may request the Missions Committee to review the situation and consider making a new support schedule. The Missions Committee will vote whether or not to approve the new schedule. Where support is sent to foreign (non-U.S.) nationals, the stated preference of RBNet will be to service a national missionary for a more sustained period of time if he is laboring to plant churches in his own country rather than being a permanent pastor of one local church.

I. RBNet Chaplaincy Policy

The RBNet Missions Committee shall have the responsibility to carry out the Chaplaincy Program as approved by the member churches. Though their job descriptions are set by the military chaplaincy program, the goal of RBNet endorsed military chaplains will be to preach the Gospel to military personnel and to influence them as much as possible to involvement in the local church. Men who are chaplains endorsed by RBNet shall meet all the qualifications required for RBNet missionaries regarding church membership, ordination, formal theological training, ongoing oversight by his local church, and godly maturity. Applications for approval to the RBNet Chaplaincy program must be submitted by the candidate and an RBNet sponsoring, full member church. The other steps to becoming approved as an RBNet endorsed chaplain are the same as those set up for RBNet endorsed missionaries. Though the military does pay the salary of a military chaplain, there will be an account set up in the RBNet office for RBNet endorsed chaplains for any necessary assistance they may have and for any work funds that could enhance his ministry among the troops. Understanding the chaplain, the sponsoring church, and RBNet are subject to the guidelines and practices of the military chaplaincy program, where applicable, the same RBNet requirements of communication and finances apply to RBNet endorsed chaplains as do apply to RBNet endorsed missionaries and the same responsibilities required of RBNet sending churches will be required of a chaplain's RBNet sponsoring church. The RBNet endorsed Chaplain and his sponsoring church shall keep the Missions Committee informed of all changes in the chaplain's status with the military. The Missions Committee and the RBNet office will provide the services for RBNet endorsed chaplains such as are provided for RBNet endorsed missionaries.

Ministry to All Persons – Our chaplains hold to our foundational beliefs as they minister to all persons, regardless of ethnicity, religious or non-religious preference, physical condition, physical presence, nor individual behavioral choices. In providing ministry our chaplains neither condone or approve of behaviors the Scriptures (Holy Bible) define as sinful, for example drunkenness, fornication, adultery, homosexuality, or abortion. Rather, our chaplains seek to help individuals recognize God's intended order for life and to understand the need to humbly acknowledge God's plan for their lives. Our chaplains intend to be as inclusive as possible for mandatory activities and appropriately exclusive in ecclesiastical function and performance.

Statement on Marriage - The Reformed Baptist Network is a confessional association of churches. Each full member church and official ~~associational~~ representative within RBNet ~~the Association~~, including every military chaplain, is required to subscribe to the Second London Baptist Confession of Faith of 1689. All religious ministry, spiritual care, and pastoral counseling conducted by military chaplains endorsed by RBNet will fully reflect the doctrine and practices of Reformed Baptists as set forth in Holy Scripture and our confession of faith. Chapter 25 ("Of Marriage") of our Confession of Faith states:

Marriage is to be between one man and one woman; neither is it lawful for any man to have more than one wife, nor for any woman to have more than one husband at the same time. (Genesis 2:24; Malachi 2:15; Matthew 19:5,6)

Marriage was ordained for the mutual help of husband and wife, for the increase of mankind with a legitimate issue, and the preventing of uncleanness. (Genesis 2:18; Genesis 1:28; 1 Corinthians 7:2, 9)

It is the duty of Christians to marry in the Lord; and therefore such as profess the true religion, should not marry with infidels, or idolaters; neither should such as are godly, be unequally yoked, by marrying with such as are wicked in their life, or maintain damnable heresy. (Hebrews 13:4; 1 Timothy 4:3; 1 Corinthians 7:39; Nehemiah 13:25-27)

Marriage ought not to be within the degrees of consanguinity or affinity, forbidden in the Word; nor can such incestuous marriages ever be made lawful, by any law of man or consent of parties, so as those persons may live together as man and wife. (Leviticus 18; Mark 6:18; 1 Corinthians 5:1)

All chaplain ministries, therefore, will reflect the historic, natural and biblical view of marriage. The following guidelines are established in order to clarify the ministerial expectations in this area for all chaplains endorsed by RBNet:

Chaplains will treat all service members, regardless of rank or behavior, with God-centered dignity, honor, and respect while assisting the institutional leadership in its religious mission requirements and responsibilities as guaranteed by the First Amendment to the United States Constitution.

Chaplains may neither conduct nor participate in: marriage ceremonies for same-sex couples, blessings for same-sex unions, pre-marital or marital counseling for same-sex couples, or marriage retreats that include same-sex couples.

Chaplains may perform individual counseling for homosexual, bisexual, and transgendered members. Such counseling will be ethical and responsible, ensuring that the dignity of the individual, who is made in the image of God, is maintained; ensuring that help, healing, and restoration are offered; and ensuring that hope through the mercy and grace of God through the gospel of Jesus Christ is presented appropriately.

Chaplains are free to lead or participate in worship services conducted on any military installation or location designated for worship in a manner consistent with our confession and in accordance with personal conscience.

All military chaplains without exception are endorsed to ensure the free exercise of religion for all service members according to DOD 1304.28, par. 6.1.2 while serving in the pluralistic environment of the military. Every chaplain remains protected under DOD policy and applicable federal law to speak, preach, teach, and counsel in accordance with the tenets of their denominational group and their own conscience.

J. Crisis Management Plan

Ransom and Extortion - RBNet does not pay ransom/extortion monies or meet terrorist demands. RBNet will, however, pursue all legal avenues to secure the release of hostages.

Relocation of Family Members - In the event of a crisis, such as kidnapping and/or violent death, all family members are to be evacuated as soon as possible to the home country, upon consultation and approval of the sending/sponsoring church.

Information Management - All information relative to the crisis situation will flow through one designated person either in the RBNet home office or at the sending/sponsoring church.

Emergencies Requiring On-field Assistance - In the event of any emergency involving a RBNet missionary, such as serious illness or accident, the sending/sponsoring church is responsible for determining what assistance to the missionary is necessary. The RBNet Coordinator will be ready to assist the missionary's church in any way possible.

Evacuation - Decisions on evacuation of personnel are made by the sending/sponsoring church together with the missionary. The RBNet Coordinator and RBNet Missions Committee will provide consultation if requested.

Crisis Counseling - All victims of major traumatic events shall undergo biblical counseling immediately and receive follow-up 6-12 months later in conjunction with the missionaries' sending church.

Release - All missionaries going out under RBNet must sign a release before going to the field.

List of key contacts - The missionary, the sending church and the RBNet office will have as priority the responsibility to formulate a list of key phone numbers available at both the RBNet Business Office and the sending church for each RBNet person overseas. Phone numbers to be sought for listing would include: (a) key family members at home and abroad, (b) key U.S. Government persons, including the names and telephone numbers for Ambassadors, Senators, Representatives, and other individuals to be contacted in case of hostage situations or other contingencies requiring US Government assistance—both in the missionary's country and in continental U.S., (c) key aid organizations in the missionaries country, such as the Red Cross and other potentially helpful Organizations, (d) key rescue and medical services such as local (to missionary) police, local hospitals, Missionary Aviation Fellowship, etc., (e) key indigenous church leaders through whom information might be obtained, etc.

Last Will and Testament - All RBNet missionaries who are United States citizens must have a will drawn up by an attorney before going to the field.

K. Child Protection Policy (TBD)

L. Church-Sponsored Projects Policy

Church-sponsored projects are missions-related projects sponsored/overseen by a full member church seeking financial support and service through RBNet. Churches seeking service must complete and submit an Application for Support and Service to the Missions Committee, who will make an evaluation. After counsel with the Missions Committee, the sponsoring church will propose the project to the member churches (either at the General Assembly or during the year in urgent cases.).

1) The normal guidelines are as follows:

- a) In general, any project should accord with RBNet's missions philosophy and principles.
- b) Projects must be in line with the doctrinal standards of RBNet.
- c) A project should have a direct connection with foreign (non-U.S.) or home (U.S.) missions, related to evangelism, church planting, or church strengthening, or in assisting foreign (non-U.S.) churches with some unique need in their church life, and can include Christian literature and ministerial training. Start-up costs for a missionary are considered among Church-Sponsored Projects.
- d) Projects can be short-term or long-term. Duration of term must be specified by the sponsoring church and given approval by the General Assembly.

e) Contributions for Church-Sponsored Projects will not be used to subsidize expenses of RBNet's General Operating Fund.

2) Church-Sponsored Project Requirements for Tax Deductibility: In addition to other finance policy the following guidelines are required for RBNet Special Projects:

- a) Projects should be pre-approved by the General Assembly.
- b) A periodic accounting of grant funds should be given to RBNet by the recipient project manager.
- c) RBNet has the right to withdraw approval of a church-sponsored project and perhaps even receive a refund of any unexpended grant funds.
- d) All donations are received with the explicit understanding that RBNet maintains control over the final destination of all funds and maintains the right to redirect the funds in furtherance of its exempt purposes as it deems appropriate.
- e) A written agreement as to the use of the funds is to be in place between RBNet and any foreign (non-U.S.) organization, if applicable.
- f) A field investigation occurs whenever possible to assure that the grant money is used in accordance with the terms of the agreement.
- g) A set dollar amount to be raised should be established along with a finite time period in which the money is to be raised and distributed.

3) Church-Sponsored Project Surpluses in Gifts Received: Whenever the total amount of funds needed for a project in a given year is accumulated, notification will be given immediately that no more funds are needed. If contributions are received from a church after the total is met, that church will be contacted to provide them with the opportunity to re-designate the contribution or to have the contribution returned. If contributions are received from an individual after the total is met, the contribution will be applied to a subsequent project or to a new missionary's start-up costs. The funds will be directed to either need by the RBNet Missions Committee. In the event that there are funds left over after a project has been fully accomplished, those funds will be applied to the next church-sponsored projects adopted by the General Assembly of RBNet churches or to the start-up costs of the next missionary. These funds will be directed to either need by the RBNet Missions Committee.
